Tea-Fest

by Shelly Hazard

Tonight the teashop in town, Bags with Riches, is having a tea-fest. Along with tasty snacks and pastries, they'll have a number of different teas available for customers to try, free of charge. Determine the full name of each person working at the teashop, the favorite flavored tea of each worker, and the snack each worker made for the event.

1. Ms. Croupe didn't like the Russian caravan tea. Travis brought cinnamon rolls.
2. The worker who brought apple crisp didn't like peppermint tea.
3. Sara, whose last name wasn't Tanner, didn't bring the chocolate chip cookies. Martin didn't like orange pekoe tea.
4. Sara's last name is Manor.
5. The four workers are Sheila, the one who likes green tea, Mr. Walker, and the man who brought peanut butter fudge.
6. The person who loved peppermint tea brought chocolate chip cookies.
