

**Answer:** No, thank goodness!

**Here's how:** The Wild Ribbon ride is two-sided; Judy and Dan are on opposite sides and therefore it will be impossible for them to ever collide, even though they are headed in opposite directions.

**Bonus:** You're about to jump on the Dragon Coaster at Playland Amusement Park... what State are you in (one of the 50, that is)? Is it A. Arkansas, B. Wisconsin or C. New York?

**Answer:** You would be in Rye, New York. The Dragon Coaster was designed by Fred Church in 1929 and has the proud distinction of being the fastest wooden roller coaster still in operation... 60 mph. It has an 80 foot drop and is 3600 feet long.
